

## Flame Effect

1. Create new file with 72 PPI and white background. The mode has to be Grayscale. Type the text with thick font.

2. Layer > Flatten Image

3. Filter > Stylize > Diffuse  
(mode "Darken Only")

4. Blur > Gaussian Blur (Radius 1.0)

5. Distort > Ripple

6. Image > Mode > Index Color

7. Image > Mode > Table Color

(Choose "Black Body ")

**Flame**
